

Minutes of Meeting (MoM)(1)

Team: 35

Project: Cross-Channel Customer Interest & Engagement Intelligence System

Client: Club Artizen

Date: 17-01-26

Online Meet

1. Client Overview

Club Artizen's customer base, including:

- B2B bulk gifting mostly, also deals in B2C
- Wedding gifting
- Corporate gifting companies

They currently use multiple social media platforms but face difficulty in **interpreting and acting on analytics data.**

2. Problem Statement

The client highlighted challenges in:

- Understanding **which metrics actually matter**
- Interpreting differences between metrics such as **views vs. count**
- Deciding **where to invest effort and budget**
- Making **data-driven campaign decisions**
- Dashboard must include things like: Click through whatsapp instagram (image, views) , Linkedin impressions, Engagement tracking, Budget decision

3. Tools & Platforms to be worked with:

- Social Media Platforms: Instagram, LinkedIn
- WhatsApp API tool: **SmartPing**
- Content Platform: **Substack**

4. Key Metrics Discussed

The client expressed interest in tracking:

- WhatsApp click-throughs
- Instagram image views
- LinkedIn impressions
- Engagement metrics
- Budget allocation vs. campaign performance

5. Project Idea

Phase 1: Performance Evaluation

- Identify whether a campaign or post is **working or not**
- Provide clear indicators instead of raw metrics
- Dashboard similar in concept to a **Meta-style analytics view**

Phase 2: Data Correlation & Processing

- Analyze correlations between platforms and metrics
- Understand relationships between engagement, impressions, and conversions

Phase 3: Trend Prediction

- Predict future trends based on historical data
- Support smarter campaign planning and budgeting

6. Last year Project Insights

- AI-generated captions/descriptions for platforms like Instagram
- Partial automation of posting workflows

7. Further Meetings

- **Weekly meetings** to be scheduled (time to be finalized)
- Any **slot change requests must be made 1-2 days in advance**
- Discussion needed regarding **NDA and presentation format**

8. TA Feedback

- The initial idea was considered **too simple**
- Team must:
 - Provide **suggestions and enhancements**
 - Clearly define the **scope and boundaries** of the project

9. Tasks to do

- Prepare a **formal project synopsis**
- Research existing solutions and dashboards
- Decide enhancements to be added
- Clearly define project scope and limitations
- Finalize meeting schedule
- Filling the NDA form
